EAST BRIDGEWATER HIGH SCHOOL TORCH 1989

Our high school years are in the past;
Who can believe they went so fast!
These are the times we won't forget.
These are the best times we've had yet.
This yearbook is our last chance to show
That the Class of '89 is the one to know.
We are unique, original, "the best."
We are definitely "Shades Above the Rest."
"Save the best for last" is what has been done.
We are the end of the 80's, "number one."
East Bridgewater High will not forget
The class with class — the best class yet.
We have to leave now but with a few sad eyes.
Our time has come, we must say good bye.
But, not until these last words are said:

We are awesome We are fine We are the Class of '89!

— Brenda Lee

Putting together a yearbook is not an easy task. It takes many hours of planning, preparing, and producing to make it complete. I would like to thank the staff for their co-operation and help. I would also like to give extra special thanks to Mr. Paone, Mrs. Russell and Mrs. McGrath for their assistance. I wish the 1990 Torch Staff as much success as we achieved this year. Good Luck!

The Class of 1989 possesses the ability and the potential to make significant contributions to society. As you set individual and collective goals towards such ends, remember the words of an old Chinese proverb as paraphrased in 1962 by Adlai Stevenson in a tribute to Eleanor Roosevelt, "Better to light one candle than to curse the darkness."

May you progress in truth and goodness as you move

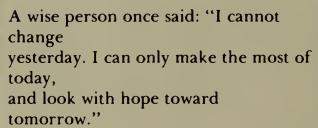

May you progress in truth and goodness as you move to fulfillment of your dreams.

Judith A. Riordan

I hope the values in which East Bridgewater abounds — of respect for yourself and your community — will remain with you in your many endeavors in the 21st century.

Diane Lande

As you plan for your new life outside of East Bridgewater High School, I hope you have prepared yourself for the experiences to come. If you have not, I challenge you to make the most of each new day. With that resolve, you will find happiness and prosperity in the future.
